**Subject:** EPA HF Study - EPA Stakeholder Meeting - Workshop PPT and Abstracts

I enjoyed our discussion this morning. I will have the meeting minutes to the group Monday, however, I wanted to get the Chesapeake's presentations and abstracts from the EPA Technical Workshops to you all sooner than later.

Gene, Didn't you say you were going to read these this weekend and have a summary to Bob first thing Monday morning...? J

Please let me know if you have any questions or there is anything else we can do to help.

Thank you,

Chris Hill

This Email message contained an attachment named image001.jpg which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
